Diego Emiliano Gonzalez Martinez

SOFTWARE DEVELOPMENT TECHNOLOGIST

ABOUT ME

Software Developer graduated from CETI Colomos, Mexico. I am currently seeking new opportunities to apply my skills, grow professionally and contribute to impactful projects.

To this day, I'm currently enrolled in Software Engineering at the Centennial college, Canada.

MY EXPERIENCE

Programming Experience

- I have collaborated on various team-based projects, including KERNEL, my graduation project, during which I spend one year developing a community-based English learning platform.

- In this project, I worked with technologies like React, Node.js and Firebase and software languages like JavaScript, HTML and CSS.

Oracle Cloud: Discover Data (February 2024)

- In this initiative by the Oracle Education Foundation, I was invited to work with a team to analyze data related with the SDG's of the United Nations and developed a project prototype, winning first place by the end of it.

BMS Supervisor at Office Depot

- I was the BMS electronics supervisor at Office Depot, located by Landmark, GDL. Where I administrated and sold electronic devices such as laptops and desktop computers.

Library Manager experience

- Additionally, I have gained valuable customer service experience working as a library manager and receptionist at the Carlos Fuentes bookstore's warehouse from Universidad de Guadalajara (UDG) for 6 months.
